Barbara Piccare

Please amend the above-identified application as follows:

IN THE SPECIFICATION:

Please amend the paragraph at page 9, lines 1-5:

Clean Version of Amended Paragraph in Specification

Page 9, lines 1-5:

Q1 The array of Fig. 8 may be provided with a graded modal discriminating characteristic, as illustrated in Fig. 10, which may be either a gradation in index of refraction, gain, or core dimension. In such a case, substantially all of the power will be in a single, central beam.

Version Showing Changes Made to Specification

Page 9, lines 1-5:

The array of Fig. [42] 8 may be provided with a graded modal discriminating characteristic, as illustrated in Fig. 10, which may be either a gradation in index of refraction, gain, or core dimension. In such a case, substantially all of the power will be in a single, central beam.
